

“This Land is Our Land”

Indian Nations Council Camporee

April 4 – 6, 2008

Zink Ranch – Cub World

Get ready for the most exciting event of 2008...the Council Camporee! The theme is **“THIS LAND IS OUR LAND,”** which brings together the legacy of Scouting as environmental stewards, the great natural resources of this country and Oklahoma, and our state’s rich heritage and cultures.

Every Boy Scout Troop, Venturing Crew and Exploring Post is invited to attend a mini-jamboree style weekend packed with adventure activities, expo displays and, most important, **FUN**. Zink Ranch, located in the Osage Hills, will be the location for canoeing, shooting sports, climbing, zip lines, mountain bikes, geo-caching and many other activities. In addition, there will be expo displays featuring rocketry, Native American culture, environmental stewardship and many other exciting displays you will not want to miss. Plus, for the first time, there will be a Dutch Oven cook-off!!

The jam-packed day of activities on Saturday will be followed by an outstanding arena show celebrating **THIS LAND IS OUR LAND**. At the show’s end, there will also be an awesome fireworks display that will light up the Osage Hills and rock the soul of every Scout, Venturer, Explorer and leader present.

Your chance to join hundreds of Scouts from across this great Indian Nations Council is coming up. A more detailed mailing, including registration information, will be sent to every Scoutmaster and Advisor in the coming weeks, together with reminders. Plus, information will be posted on-line at www.okscouts.org soon.

To help us with planning, simply let us know your unit will be attending, along with an estimate of the number of youth and adults who attend, by clipping the bottom of this page and mailing it, emailing camphale@okscouts.org, or calling Paige Green at 918-743-6125. The cost for participants (non-Staff) will be \$12.00.

If you are an adult leader and want to be a part of the Camporee staff, please contact Mike Holdgrafer at mike.holdgrafer@dtag.com, meholdgrafer@cox.net or call 918-630-9437 (cell).
